ISSUED QUARTERLY

VOLUME 7 INDEX

1978

Volume 7 (1978) cumulative index was compiled by Dr. Theodore C. Hines, Professor, and Roseann Webb Collins, graduate student, Library Science/Educational Technology Division, School of Education, Greensboro, North Carolina. Final editing was done by Sara Stauffer Whaley.

Please note that the volume 7 index has been completed before the volume 6 index. The volume 6 index has been compiled, but not yet typed, awaiting the availability of a part-time or full-time worker who can be responsible for part of the preparation of the journal or the business of production and distribution.

Note to periodical departments, reference librarians about vol. 6 index of WSA. With one person doing most of the work at Rush Publishing Co., it has not been possible to finish that index. Attempts will continue to be made to find someone who can carry on some part of the publishing business so that the *Abstracts* and indexes can be brought up to date.
